CIVIL AND STRUCTURAL CONCRETE CONSTRUCTION

Our Structural Engineering team aims to perform the design in accordance with the codal provisions and recommendations that put practiced on the nation and adopting a design that should possess excellence in structural as well as in durability. Optimized and Value Engineered designs are focused to develop functional and economic structure that should benefits the client as well as the stakeholders in the construction. Cost-effective and Sustainable construction practices are also the highlights of the experienced design team.

DESIGN AND VALUE ENGINEERING

In different phases, from design concept to construction drawings, Manaq International has become experts in providing design services by well-trained professionals, bringing innovative ideas, significant value engineering for cost reduction, quick processing of permits and reviews to contractors, partners, and owners according to both local and international standards in the coordination of BIM Modelling

MAINTENANCE

Manaq International provides preventive and corrective maintenance by trained engineers to ensure the system's maximum continuous efficiency, in line with our dedication to high standards and expertise. We provide professional maintenance service to help, inspect and evaluate your project to determine risks, maintenance plans, necessary remediation, etc. The maintenance works are performed by a dedicated maintenance team specialized in various disciplines. With a long-term maintenance contract, we guarantee peace of mind to our clients and partners by keeping your project functional and livable. Among the defects covered by our maintenance services, the most common and critical ones are Pressure Loss, Heat Loss, Short Circuit, Corrosion, Pipe Obstruction, Dirt in filter, Flow Unbalance, Noise & Vibration

ARCHITECTURAL AND FINISHING WORKS

We deliver astonishing creative ideas covering and meeting the needs and demands by combining the technological and the aesthetic tasks, despite the general belief. By mixing said disciplines, our design seeks the values and formal qualities of the works, through spatial experiences. Our services extend from urban design and master planning to building design, the design of individual spaces and even fixtures and fittings.

STRUCTURAL STEEL FABRICATION AND INSTALLATION

Manaq International Company Ltd structural steel division has grown impressively and achieved the level of excellence by strictly adhering to the highest standards of fabrication and quality control. Structural steel utilizes the latest and best techniques in engineering, manufacturing and quality assurance.

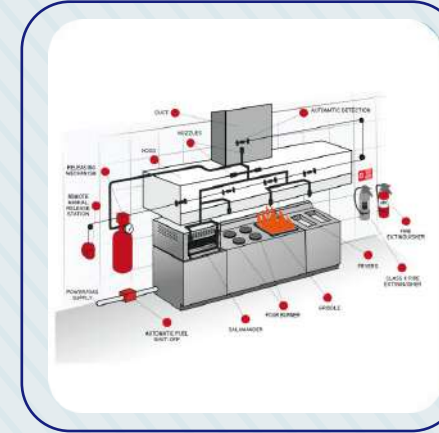

We specialize in providing solutions in

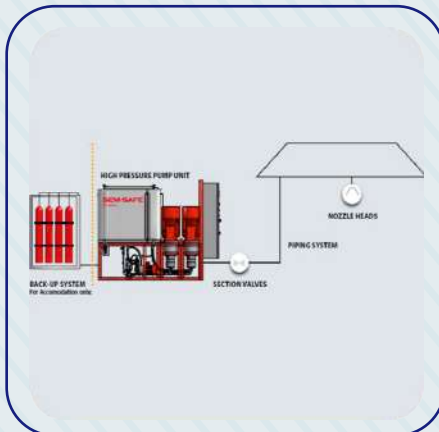

Fire Fighting and HVAC piping Installation

Clean Agent fire Suppression Systems
(Fm200,NOVEC,FK5-1-12,C02, InertGas, Aerosole Etc)

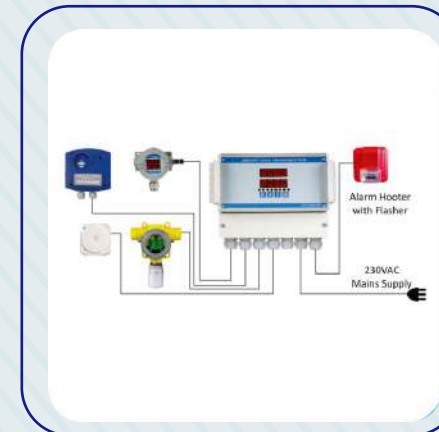

Kitchen Hood Fire Suppression Systems

Water Mist System

Fire Alarm Systems

Gas Detection Systems

ARCHITECTURAL WORKS

- Interior/exterior works Office-space, Houses interior, Cafe, Restaurants and Hotels.

ANNUAL MAINTENANCE CONTRACT: (AMC)

- Air-conditioning, Package unit and chiller Maintenance,
- Machinery and Equipment's spare parts replacing,
- Kitchen hood cleaning, Café, Restaurants & Hotels
- Fire Suppression System Maintenance

TRADING

- All kinds of Pipes fitting, Valves & Steel profiles SMLS & ERW (in SS, CS, GI, COPPER)
- All kinds of safety product & consumables
- Customized Steel Flexible Hoses(Hydraulic)

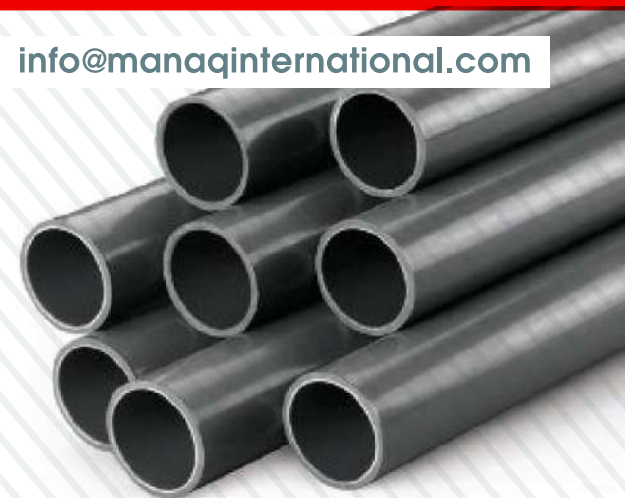

We do all piping installation works, including or excluding materials.

ORGANIZATION CHART

WHY CHOOSE US ?

OCCUPATIONAL HEALTH & SAFETY

It is our Vision and mission to create and continuously improve in our Occupational Health and Safety (OH&S) practice, in order to become and remain one of the safest, most efficient in the field. The management of Manaq International recognizes that every employee is entitled to be provided with a safe and healthy working environment in all our jobsites. The main objective of this policy is to create a Zero accident project and hundred percent safety in our construction sites. .

- Follow Safety - First approach and commitment in all activities and operations so that the safety of the staff takes priority over all other considerations.
- Have a dedicated and well trained OH&S Section headed by the Safety Officer.
- The OH&S Section monitors continuously all practices and supports the management and staff with expert advice, guidelines, education and training.
- Yearly review of our Occupational Health & Safety Procedures to ensure observance to them.

- Ensure that risk assessment is applied to all activities within the office premises and site offices.
- Monitor Occupational Health & Safety performance by tracking and following up accidents and near hits by the OH&S section, taking preventive and corrective measures and addressing hazardous situations or practices.
- Educate our staff and others as applicable in Occupational Health & Safety issues through regular Toolbox Talks and in depth training sessions.
- This policy shall apply to every employee who is working in Manaq International sites including the subcontractor personnel.
